FESTIVAL

Presents

# ORKNEY AVIATION FESTIVAL 2024

## 12th - 14th September

Thursday 12th. 2.00pm-4.30pm - King Street Hall

### ***SATE Open Day*** Sustainable Aviation Test Environment.

Come and meet the people from the Hangar at the end of the Kirkwall Airport runway

– Drop by and find out about the cutting edge work they do to improve aviation for a better future.

Learn about job opportunities in this exciting field of research and innovation.

Participants include SATE, Cranfield Aerospace, HIAL, Hybrid Air Vehicles, Windracers. Includes stalls, exhibitions and films.

**Admission free**

7.30pm - King Street Hall

### ***THE FUTURE OF AVIATION AND WAYS TO MAKE IT WORK***

Thanks to SATE's unique and insightful knowledge of the latest aviation technologies, we will hear **4 presentations explaining how novel aviation technologies - hydrogen aircraft, airspace, hybrid air vehicles and uncrewed aircraft - will be seen in Highlands and Islands skies before the end of the decade!** Followed by a panel discussion with an opportunity for the audience to ask questions.

**Admission £7 (£5) includes refreshments.**

The Orkney Aviation Festival is organised by AOP (Another Orkney Production) with grateful thanks to Orkney International Science Festival, Orkney Island Council, Pentland Ferries, Highland Park Distillery, SATE (Sustainable Aviation Test Environment).
